SUMMARY

Final-year M.Sc. (CA & IT) student pursuing B.Sc. (CA & IT) with strong expertise in Machine Learning, Deep Learning, Data Analytics, and Python. Built AI-driven projects including PipOpt, a stock market prediction platform, and DataCleaner, an intelligent data preprocessing system. Seeking AI/ML Engineer or Data Scientist opportunities to apply machine learning and data-driven problem-solving skills.

PROJECTS

AI DataCleaner (In Development – Beta)

- Developing an AI-powered data cleaning platform to automate data preprocessing workflows.
- Implemented missing value handling, duplicate removal, outlier detection, and feature encoding in a unified pipeline.
- Integrated dataset profiling and ML-based recommendations for optimal data cleaning strategies.
- Tech Stack: Python, FastAPI, PostgreSQL, React.js, Tailwind CSS

PipOpt – AI Trading Optimization Platform

- Developed an AI-driven stock market analysis platform for trend prediction and strategy optimization.
- Applied machine learning techniques to analyze historical market data and generate predictive insights.
- Performed data preprocessing, feature engineering, and model evaluation for financial datasets.
- Tech Stack: Python, Machine Learning, Pandas, NumPy, Power BI

Laptop & PC Service Management System

- Developed a full-stack platform for laptop and PC sales, repair services, and appointment management.
- Implemented product management, order tracking, appointment scheduling, and user authentication features.
- Integrated Razorpay payment gateway and automated email notification services.
- Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS

Technical Skills

- **Programming Languages:** Python, SQL
- **Machine Learning:** Machine Learning, Deep Learning, Scikit-Learn, Data Preprocessing, Feature Engineering, Model Evaluation
- **Data Analysis:** Pandas, NumPy, Statistics, Data Analysis, Data Visualization
- **Business Intelligence:** Power BI
- **Databases:** PostgreSQL, MongoDB
- **Tools:** Git, GitHub, Jupyter Notebook, Google Colab

CERTIFICATIONS

- **Certified AI Engineering Masterclass: From Zero to AI Hero**

EDUCATION

B.Sc. (CA & IT)

2022 - 2025

K. S. School of Business Management & Information Technology

Awarded First Class

M.Sc. (CA & IT)

2025 - 2027

K. S. School of Business Management & Information Technology
